Extraordinary Caring. Every Person. Every Time.

Neurologist
NIAGARA HEALTH

The Department of Medicine, Division of Neurology at Niagara Health seeks a highly motivated physician with a passion for providing the highest quality care to join the department. Based primarily at the Niagara District Stroke Centre at the Niagara Falls Hospital, the program works closely with our healthcare partners to provide the best in stroke care to the residents of Niagara. The Division also provides consultative services in General Neurology to diverse clinical programs across our organization. We are seeking 2-3 full or part-time neurologists with an interest in general neurology, including stroke and vascular neurology. Additional interest and/or skill in neuromuscular (+EMG) is an asset.

The transformation of healthcare service delivery across Niagara continues with planning underway to build an additional ultramodern hospital in South Niagara Falls in 2028 with efforts to build toward a Centre of Excellence in Stroke.

Niagara Health is positioned, by virtue of its geography and regionally distributed resources, to exemplify the best of regional capacity with local service delivery. Strong academic partnerships are a priority for the NHS as the organization builds on a robust relationship with McMaster University's Michael G. DeGroote School of Medicine.

The Niagara Region is a vibrant, naturally beautiful region with something for everyone. Find more information about the Niagara Region on our physician recruitment website.

Current group:	• 2 Full Time & 1 Part Time neurologists with goal of expansion
The Practice:	• Mix of hospital and clinic-based practice • Opportunities to participate in the Stroke Program including a 16+ bed Regional Acute Stroke Unit based at the Niagara Falls Hospital, which is supported by a full-time Nurse Practitioner and the General Internal Medicine service (no MRP responsibilities) • Opportunities to see patients in the Niagara Stroke Prevention Clinic. Access to rapid diagnostic testing and coordination with other services including vascular surgery, radiology etc. • Rotating general neurology consultation service • Opportunities to develop programs of community interest including EMG. • Opportunities to participate in academic activities including teaching and research
Academic Affiliations:	Since its founding in 1966, innovation has been the hallmark of McMaster University's Michael G. DeGroote School of Medicine and a major contributor to its international reputation for excellence.

	The medical school has expanded to a regional campus in Niagara, which is located at Brock University. Students at the Niagara Regional Campus complete their clinical rotations in one of the six area hospitals with teaching done by the highly skilled and motivated hospital physicians. Opportunities for strengthening and building strong academic partnerships are a priority for Niagara Health. We are interested in physicians who will pursue a university faculty appointment and participate in academic activities within a strong regional community hospital setting. In addition to McMaster, Niagara Health has strong ties with other regional academic providers such as Brock University and Niagara College.
Tertiary Care:	Hamilton Health Sciences and St Joseph's Healthcare Hamilton 1 hour away
Qualifications Required:	• Independent license or eligible for independent license with the College of Physicians & Surgeons of Ontario (CPSO) • FRCP(C) in Neurology • Eligible to work in Canada without restrictions • Training and expertise in stroke +/or EMG would be an asset

Closing Date: Until Filled
