

niagarahealth

Extraordinary Caring. Every Person. Every Time.

Our client, Niagara Health (NH), is one of the largest multi-site health care systems in Ontario serving more than 450,000 residents within the Regional Municipality of Niagara. With over 1,000 beds, 7,300 employees, physicians, and volunteers, and a \$610M budget, NH provides a wide range of inpatient and outpatient services across six sites encompassing operations in Fort Erie, Niagara Falls, Niagara-on-the-Lake, Port Colborne, Welland and a new one million square foot state-of-the-art hospital in St. Catharines. Annually, NH has over 31,000 admissions, 30,000 surgical cases, 19,000 mental health visits, and close to 150,000 emergency and urgent care visits.

The transformation of healthcare service delivery across Niagara continues with construction starting in 2022 to build an additional ultramodern hospital in South Niagara Falls. Strong academic partnerships are a priority for NH as the organization builds on a robust relationship with McMaster University's Michael G. DeGroote School of Medicine.

Playing a pivotal role for the growth of several key programs including regional services, NH is seeking a visionary leader who can champion innovation, academic and clinical program expansion, and the delivery of safe, high quality, leading edge practice. Join the NH Leadership Team as Chief, Department of Mental Health & Addictions.

Reporting to the Chief of Staff & Executive Vice President Medical, and being a member of the Medical Advisory Committee, the Chief, Department of Mental Health & Addictions will possess an FRCPC qualification or equivalent in Psychiatry, be eligible for licensure in Ontario, and have a proven track record of clinical leadership excellence.

An advocate of patient safety, quality, and access, the next Chief will have the exciting mandate of further developing a top tier team while expanding services and building cutting edge programs for patients as well as enhancing the educational and academic missions.
