

We would like your input about our next President

niagarahealth
Extraordinary Caring. Every Person. Every Time.

Every day our team works hard to be extraordinary for our patients and families. We are making great progress on our journey to create a healthier Niagara and are proud to share some highlights from the last year:

- Our new Niagara Health Engagement Network takes a “nothing about me without me approach” to engaging with patients, families and community members, **bringing the perspectives of those we serve into decision-making in meaningful ways.** There is a patient partner participating on the President Search Committee.
- We are a **national leader in quality and safety**, with 17 Leading Practices recognized by Accreditation Canada and the Health Standards Organization.
- Our **Rapid Access Addiction Medicine clinic was one of the first in Ontario.** It enhances care by reducing Emergency Department visits and Mental Health inpatient stays.
- We were the first Ontario hospital to introduce video technology for our emergency teams to partner with McMaster Children’s Hospital to get **immediate help for our youngest patients.**
- Our teams completed **32,000 acts of kindness** as part of a grassroots workplace challenge that reflects the inclusive and authentically caring culture we are nurturing.

The next President will be a critical enabler to achieving our purpose of extraordinary caring to every person, every time. With the recruitment process now underway, we invite you to participate in this important process by completing a consultation questionnaire that will help to inform the selection of our next President.

DID YOU KNOW?

 Residents in Niagara receive **90% of their hospital care** from Niagara Health.

 Our 4,800 staff members, 600 physicians and 850 volunteers make us one of the region’s largest employers. We are also a **Top 100 Employer** for Hamilton-Niagara.

 Our unique partnership with St. Joseph’s Health System leverages each organization’s **strengths to bring the best care** to the people in the communities we serve.

 We work closely with more than **90 academic partners**, among them Brock University, Niagara College and the Michael G. DeGroot School of Medicine at McMaster University.

 Our Emergency Program is the fourth largest in Ontario, with almost **200,000 visits** last year.
