

CARDIOLOGY NIAGARA HEALTH

The Department of Medicine, Service of Cardiology at the Niagara Health (NH) seeks a highly motivated physician with a passion for providing the highest quality care to join the NH Medical Staff. The selected candidate will have a proven track record of innovation and for providing exemplary patient care.

Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada, and must be licensed (or eligible for licensure) in the province of Ontario through The College of Physicians and Surgeons of Ontario. Applicants interested in general cardiology, echocardiography and heart failure are encouraged to apply.

Niagara Health is a regional healthcare provider with multiple sites and a growing network of community-based and virtual services.

We believe that every person in our region deserves to live every day of their life in the best health possible. As a community-based academic center, our focus on teaching and learning, research, innovation and partnership propel us to continually improve care and make a difference in people’s lives.

Our team is made up of more than 7,300 employees, physicians and volunteers who we count on to deliver Extraordinary Caring. Every Person. Every Time. Our Accreditation with Exemplary Standing is a clear demonstration of the team’s commitment to the highest safety and quality standards.

We provide a full range of acute care hospital services to the 450,000 residents across the Niagara region, and we are one of the few hospitals in Ontario that own and operate a long-term care facility.

Creating a healthy community is a collaborative effort. The courage and hope demonstrated by so many during the COVID-19 pandemic inspire us to continue to work with community partners to improve the health and well-being of our region.

Current group:	<ul style="list-style-type: none"> • 13 Cardiologists
Call:	<ul style="list-style-type: none"> • Overnight call approximately 2 to 3 nights per month
The Practice:	<ul style="list-style-type: none"> • Hospital rotations include daytime cardiology consultation service, Level 2 CCU, stress testing, heart function clinic, holter monitor interpretation and echo coverage • Competitive compensation with no overhead
