

## **HEMATOLOGIC ONCOLOGY, APP POSITION WALKER FAMILY CANCER CENTRE & NIAGARA HEALTH**

Niagara Health seeks a highly motivated physician with a passion for providing the highest quality care to join the Department of Oncology to fill a recently vacant APP 0.70 FTE position.

Remuneration would be according to the APP schedule of benefits and shadow billings. There is also opportunity to see patients in benign hematology and thrombosis clinics, on a fee-for-service basis, closely affiliated with the Cancer Centre.

You would join a team of twelve other medical oncologists and malignant hematologists along with five radiation oncologists, three benign hematologists, and three supportive and palliative care physicians.

Walker Family Cancer Centre provides comprehensive cancer care in a modern facility directly attached to a full-service hospital in St. Catharines. The Cancer Centre has strong working relationships with the Juravinski Cancer Centre in Hamilton across the spectrum of disease sites.

On-call responsibilities would consist of inpatient rounding and admissions from Emergency only one weekend every 12 weeks, and new patient consults one day each week. There would be no requirement for General Medicine call. An oncology hospitalist is MRP for patients on the Oncology Inpatient Service on weekdays. As above, there would be opportunities to participate in benign hematology and thrombosis rota.

Adjunct or Part-Time academic appointment is encouraged for teaching of medical students and residents through McMaster University DeGroot School of Medicine Niagara campus. WFCC is active in various Canadian Clinical Trials Group, industry and investigator-initiated clinical trials.

Niagara Health is a regional healthcare provider with multiple sites and a growing network of community-based services. Our team consists of more than 4,800 employees, 600 physicians and 850 volunteers who we count on to deliver extraordinary caring to every person, every time.

We provide a wide range of inpatient and outpatient services to more than 450,000 residents across Niagara, including Acute Care, Cancer Care, Cardiac Care, Complex Care, Emergency and Urgent Care, Kidney Care, Long-Term Care, Mental Health and Addictions, Stroke Care and Surgical Care. Planning is underway to build another new ultramodern hospital in South Niagara.

<b>The Practice:</b>	<ul style="list-style-type: none"> <li>• Malignant hematology, excluding acute leukemia (beyond palliative management)</li> <li>• Options for benign hematology, focusing on pre-malignant conditions, and thrombosis</li> </ul>
<b>Qualifications Required:</b>	<ul style="list-style-type: none"> <li>• Independent license or eligible for independent license with the College of Physicians &amp; Surgeons of Ontario (CPSO)</li> <li>• FRCP(C) with certification in Medical Oncology or Hematology and eligible for APP under ONT MOA agreement</li> <li>• Experience treating patients with hematologic malignancies</li> <li>• Eligible to work in Canada without restrictions</li> </ul>

Extraordinary Caring. Every Person. Every Time.

We are especially interested in connecting if you...

Value diversity, equity and inclusion;

Are excited about being part of a respectful and hard-working team in the beautiful Region of Niagara; Identify as a member of one or more of the following groups: equity-deserving group, Indigenous persons, persons with disabilities, persons of diverse sexual orientations and gender identities and all others who may contribute to the further diversification of ideas.
