

INTERVENTIONAL RADIOLOGIST – LOCUM NIAGARA HEALTH

The Department of Radiology at Niagara Health seeks a highly skilled and motivated Vascular Interventional Radiologist with a track record for providing compassionate and efficient care to join the Diagnostic Imaging Service. The candidate will be a member of a full service interventional radiology program for the Niagara Region.

Niagara Health is one of the largest multi-site health care systems in Ontario serving 434,000 residents within the Regional Municipality of Niagara. With 700 beds, 4,500 employees, 640 physicians and a \$500M budget, the NHS provides a wide range of inpatient and outpatient services across six sites encompassing operations in Fort Erie, Niagara Falls, Niagara-on-the-Lake, Port Colborne, Welland and a one million square foot state-of-the-art hospital in St. Catharines.

The transformation of healthcare service delivery across Niagara continues with planning underway to build an additional ultramodern hospital in South Niagara Falls to provide accessible and quality healthcare to residents of the Southern Region. Niagara Health is positioned, by virtue of its geography and regionally distributed resources, to exemplify the best of regional capacity with local service delivery. Strong academic partnerships are a priority for the NHS as the organization builds on a robust relationship with McMaster University’s Michael G. DeGroote School of Medicine.

The Call:	<ul style="list-style-type: none"> The DI Program is seeking one (1) full-time Locum Tenens Staff Radiologist providing clinical service to all three (3) main sites of the hospital, from the period of October 1, 2017 to January 1, 2018
The Practice:	<ul style="list-style-type: none"> The successful candidate is expected to participate fully in a co-operative way with the other members encompassing fluoroscopy, US, CT, X-Ray and MRI.
Academic Affiliations:	<p>The McMaster University’s Michael G. DeGroote School of Medicine has expanded to a regional campus in Niagara, which is located at Brock University. Students at the Niagara Regional Campus complete their clinical rotations in one of the six area hospitals with teaching done by the highly skilled and motivated hospital physicians.</p> <p>Opportunities for strengthening and building strong academic partnerships will be a priority for Niagara Health as the hospital has expanded into this new facility. We are interested in Physicians who will pursue a university faculty appointment and participate in academic activities within a strong regional community hospital setting.</p>
