

Locum GENERAL SURGEON NIAGARA HEALTH

The Department of Surgery at the Niagara Health (NH) seeks a highly skilled and motivated physician with a track record for providing compassionate and efficient care to join the Division of General Surgery for locum tenens coverage.

Niagara Health is a regional healthcare provider with multiple sites and a growing network of community-based and virtual services.

We believe that every person in our region deserves to live every day of their life in the best health possible. As a community-based academic centre, our focus on teaching and learning, research, innovation and partnership propel us to continually improve care and make a difference in people's lives.

Our team is made up of more than 7,300 staff, physicians and volunteers who we count on to deliver Extraordinary Caring. Every Person. Every Time. Our Accreditation with Exemplary Standing is a clear demonstration of the team's commitment to the highest safety and quality standards.

We provide a full range of acute care hospital services to the 450,000 residents across the Niagara region, and we are one of the few hospitals in Ontario that own and operate a long-term care facility.

Creating a healthy community is a collaborative effort. The courage and hope demonstrated by so many during the COVID-19 pandemic inspire us to continue to work with community partners to improve the health and well-being of our region.
