

CONSULT TO WHEELCHAIR AND MOBILITY CLINIC HOSPITAL INFORMATION SYSTEM (HIS)

INTERPROFESSIONAL REHAB/ALLIED HEALTH (HDS ONLY)

This order can be placed by Physiotherapist, Occupational Therapist and Prescribers.

***Note:** Instead of Generating an order that tasks with a PowerForm, this functionality places a Scheduling Request in the Scheduling Appointment Book. This is called “Orders to Scheduling”.

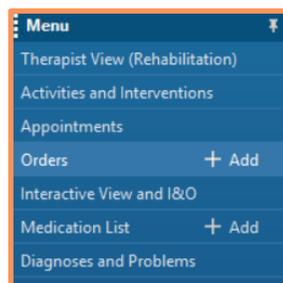

Accessing the Order:

Open the patient chart from the Multi Patient Task List (MPTL) or Rehab Organizer:

- MPTL: right click on the patient name and choose Open Patient Chart
- Rehab Organizer: click on the patient name hyperlink to open the chart

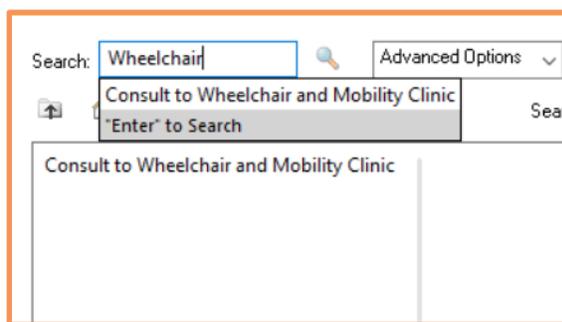

- Navigate to the Order Section in the Table of Contents.

- Click on “+ Add” to open the ordering window.

Searching, Adding & Placing the Order:

- In the search bar, type “Consult to Wheelchair and Mobility Clinic”.
- You can select the order from the quick search list, or you can press enter to list out the results in the bottom pane.
- Once the Consult has been selected, click “Done” to return to the Order MPage.

***Note:** If this Order is frequently used, you can create a favorite for easy access. After having searched for the order, right click and select **Add to Favorites**.

- In the Order MPage window, enter the “Reason for Consult” and any special instructions.
- Click “Sign” to finalize the order.

***Note:** Due to this being an **Order to Scheduling**, the Occupational Therapist will not be Tasked with any PowerForm. Instead the Order is placed in the **HDS Future Book** queue within **Scheduling Appointment Book – Request List Inquiry**.

- The scheduler will utilize Scheduling Appointment Book to create the appointment. The Occupational Therapist will see their scheduled appointment in **Rehab Organizer – Rehab Schedule View**.
