

PERIOP – DOCUMENTATION

HOSPITAL INFORMATION SYSTEM (HIS)

Perioperative Documentation and Notes

PowerForms are located in the Ad-Hoc folder in your task bar 

There are a selection of PowerForms (or forms) that can be filled out depending on your area

Note: The Main OR will typically only need to navigate to this portion of the chart when prepping a patient for surgery on the weekends if PARR is unavailable or is there is a death in the OR)

Ad Hoc Charting - Surgery01, Sophia

-  Perioperative - Pre Surgical Assessment Clinic
 -  Perioperative - Pre Operative | Pre Procedure
 -  Perioperative - Intraoperative | Intraoperative
 -  Perioperative - Recovery/Depart
 -  All Items
-  Pre Operative Checklist
 -  Pediatric Pre Operative Checklist
 -  Perioperative - Risks of Wearing Body Jewelry to the OR
 -  Pre Procedure Checklist ENDO
 -  Pre Procedure Checklist APU
 -  Pre Operative Document Inventory
 -  Chargeable Supply
 -  Death Record
 -  Valuables/Belongings

PowerForms that are signed can be viewed in the **Documentation** and **Form Browser** section as “Auth (Verified)” in the patient’s chart. You can still make changes once it’s signed through the Form Browser section.

PowerForms that are saved are accessible in **Form Brower** only as “In Progress” status. You can go back to complete documenting by right clicking on the PowerForm.

For documents such as Anesthesia Patient Questionnaire, H&P, Blood and Procedure Consent from Novari ATC, it is located under the Documentation section and named as a ‘Booking Form’

You can print the documents, such as the consents, by clicking on the Print button on the top

right below the patient’s blue banner   

PERIOP – DOCUMENTATION HOSPITAL INFORMATION SYSTEM (HIS)

You can also find these documentations by going in the **Notes**

1. Click on **Notes** from the menu
2. Consents will be under the Administrative folder
 - Patient Consent – Procedure – Novari
 - Patient Consent – Blood – Novari

Note: we are suggesting patient consents get printed that are cold fed in through Novari (Dr Office's) so there's visualization by the entire surgical team during surgical Time outs and Briefings

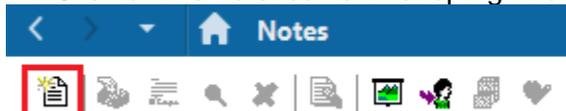

3. Anesthesia Patient Questionnaire will be located under the Anesthesia/Sedation Records folder
 - Anesthetic Questionnaire – Novari

Note: when this is cold fed in or scanned in through Novari (Dr office) this document will need to be transcribed in by receiving nurse so data flows into the patients PowerChart

Nursing Progress Note

1. Click on Notes from the menu
2. Click on the note icon at the top right to Add a new note

3. Click on the Type field and select 'Nursing Progress Note'
 - Author: the nurse's name will auto populate
 - Date: the date and time will populate once you create a new note
 - Status: the status will say In Progress until the note is signed
 - Subject: free text the subject
 - Associated Providers: you can click on the Modify button to associate a provider if necessary
 - Click on the text box area to type in your progress note
