

### Alternate Level of Care (ALC) and Complex Continuing Care (CCC) Documentation and Designation

- ALC designation is now done in a digital form (Powerform). They can be accessed by clicking on an ALC task in the Case Manager's Multi-Patient Task List, or accessed directly from the Ad hoc powerform directory in the patient's chart.

5. The same procedure can be used for the Complex Care and Rehab Referral Form:

The screenshot displays the PowerChart Organizer interface for a patient named ZZINA, MACKENZIE ANN. A task list is visible with a red box highlighting the 'Complex Care & Rehab Referral Application' task. A pop-up window titled 'Complex Care and Rehabilitation Application - ADTTEST, CLINICAL VISIT' is open, showing a form with fields for 'Hospital Site' (set to 'NH - St. Catharines General') and 'Sending Unit' (set to '3A'). The form also includes sections for 'Referral Information', 'Diagnoses and PMH', 'Allergies / BPMH', 'Social History', 'Advance Healthc', 'Medical Managem', 'Rehab SMART', and 'Primary Contact for Bed Offer'.
