

Extraordinary Caring. Every Person. Every Time.

Our client, Niagara Health (NH), is one of the largest multi-site health care systems in Ontario serving more than 450,000 residents within the Regional Municipality of Niagara. Providing a wide range of inpatient and outpatient services, NH has over 1,000 beds, 7,300 employees, physicians, and volunteers, and a \$801M operating revenue budget.

Anesthesiologists annually support 32,333 procedures, 6,508 Endoscopy cases, 3,506 deliveries, 771 ECT cases and 484 pacemaker insertions. With a one million square foot state-of-the-art hospital in St. Catharines, and a new 1.5 million square foot ultramodern hospital coming to South Niagara Falls in 2028, with 10 state of the art operating rooms, there will be a transformation of healthcare service delivery throughout the Niagara Region.

Strong academic partnerships are a priority for NH as the organization builds on a robust relationship with McMaster University's Michael G. DeGroote School of Medicine. NH is seeking an advocate of patient safety, quality and performance management, who will have the exciting mandate of further developing a top-tier team while expanding the NH's Anesthesia service.

Join the NH Leadership team as:

Chief of Anesthesia

The Chief will report to the Chief of Staff & Executive Vice President Medical Affairs, possess an FRCPC in Anesthesiology, be eligible to practice in Ontario, and have a proven track record of clinical leadership excellence.

Please forward a CV and cover letter in confidence to:
Stan Mandarich, Email: smandarich@medfall.com

Healthcare Executive & Physician Leadership Search
