

CARDIOLOGY NIAGARA HEALTH

The Department of Medicine, Service of Cardiology at Niagara Health (NH) seeks a highly motivated physician with a passion for providing the highest quality care to join the NH Medical Staff. The selected candidate will have a proven track record of innovation and a commitment to exemplary patient care.

Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada or the American Board of Internal Medicine (Cardiology) and must be licensed (or eligible for licensure) in the province of Ontario through the College of Physicians and Surgeons of Ontario. Applicants with interests in **general cardiology, echocardiography, and heart failure** are especially encouraged to apply.

Niagara Health offers a comprehensive and advanced cardiac program.

The successful candidate will join a robust cardiology team providing care supported by:

- A cardiac catheterization laboratory
- A pacemaker program
- Full-spectrum non-invasive cardiac diagnostics, including:
 - Transthoracic and Transesophageal Echocardiogram
 - Routine and pharmacologic stress testing
 - Exercise stress echocardiography
 - Nuclear myocardial perfusion imaging
 - Holter and event monitoring
 - Cardiac CT angiography
 - Cardiac MRI

These resources support timely diagnosis, advanced management strategies, and collaborative care across the continuum.

A Strong Team Culture

The cardiology division is defined by its **cohesive nature and strong camaraderie**, fostering an environment of mutual respect, shared clinical excellence, and ongoing mentorship. New recruits will find an engaged team committed to supporting one another both professionally and personally.

A Practice-Friendly Jurisdiction

Ontario continues to be a favorable province for cardiac diagnostics, with **no current moratorium on echocardiography**, enabling cardiologists to provide uninterrupted and accessible imaging services to patients.

About Niagara Health

Niagara Health is a regional healthcare provider with multiple sites and a growing

network of community-based and virtual services. We believe that every person in our region deserves to live every day of their life in the best health possible. As a community-based academic center, our focus on teaching and learning, research, innovation, and partnership propels us to continually improve care and make a meaningful difference in people's lives.

Our team is made up of more than 7,300 employees, physicians, and volunteers who we count on to deliver Extraordinary Caring. Every Person. Every Time. Our Accreditation with Exemplary Standing is a clear demonstration of the team's commitment to the highest safety and quality standards.

We provide a full range of acute care hospital services to the 450,000 residents across the Niagara region, and we are one of the few hospitals in Ontario that also owns and operates a long-term care facility.

Creating a healthy community is a collaborative effort. The courage and hope demonstrated by so many during the COVID-19 pandemic inspire us to continue to work with community partners to improve the health and well-being of our region.

Current group:	<ul style="list-style-type: none"> • 12 Cardiologists
Call:	<ul style="list-style-type: none"> • Overnight call approximately 3 nights per month
